VOTE MAY 19

I AM A REPUBLICAN BECAUSE:

- I believe our rights come from God—not the government—and must be protected.
- I support limited government, lower taxes, and personal responsibility.
- I believe these principles create a free and prosperous society.
- I value the U.S. and Idaho Constitutions and the freedoms they protect.
- I support individual liberty, state sovereignty, and the rule of law.
- I believe strong families, local communities, and traditional values are essential.
- I'm committed to defending freedom and preserving Idaho's way of life.
- I want to help build an Idaho where faith and families can thrive.

I AM RUNNING FOR PC BECAUSE:

- A precinct committeeman links the party to local voters, building ties between officials and the polls. They shape county policies, voice voter concerns, and guide the party's direction.
- I believe the local Republican party needs a strong voice for Precinct 322 residents.
- I want to be part of ensuring the Party's decisions reflect responsible leadership and the values of the broader community.
- I am actively engaged in local and state politics, volunteer as a polling Junior Judge, and have my pulse on the state of the Republican party.
- As your committeeman, I will fight to amplify your voice for conservative Republican values.

- Christian. †
- Married for 21 years.
- Two children, ages 20 and 17.
- Local CDA resident, graduating from Lake City High School in 1998.
- Run Kootenai County Spectator to keep government municipalities accountable.
- Not afraid to go against the grain to fight for the Truth.
